

CHRIST MEDICUS FOUNDATION

HEALTH CARE FULLY ALIVE

CMF CURO is the country's first Catholic health sharing experience. Together with the health sharing ministry Samaritan Ministries International, CMF CURO offers an affordable, Christ-centered alternative to health insurance that is fully consistent with the Catholic faith.

- Authentically Catholic and committed to building Catholic community and the Gospel of Life in health care
- Members share medical costs with the Christian community nationwide
- Affordable health care for every budget with different sharing levels available
- Active in defending religious liberties and conscience protections in Washington D.C.
- Engaged in promoting and caring for health of body, mind, and spirit of members

“We love having control of our health care in our own hands and having the option to “bear one another’s burdens” (Gal. 6:2). After joining CMF CURO, my husband and daughter both had serious accidents that required medical attention. The experience of allowing others to share our burden was so profound!”

- Crissa and Justin Fruechte and family

Share in God's love and providence • Share, pray, and care as the Body of Christ •
Share and live the Gospel of Life
